

CENTRIFUGE

PARTS AND REPAIR

Overview

Centrifuge Parts and Repair (CPR) provides vital parts and repair services for the broader centrifuge industry. Brands serviced include Westfalia (GEA), Alfa Laval, Tetra Pak, and Seital (SPX). These services include complete machine rebuilds, bowl balancing, and repairs. In addition, CPR provides warranted remanufactured centrifuge equipment, OEM and aftermarket parts. Technical diagnostics and on-site services are part of the expertise CPR delivers to its customers.
